OUR STORY

Long time Pizzaiolo, Mario Spina had a vision to share Italian pizza with his family and friends.

While travelling throughout Italy and studying under the Pizza Masters of Naples and Rome, Mario fell in love with the two cities and their distinct approaches to the art of pizza making.

The inspiration for our name NàRoma Pizza Bar comes from the shores of Naples, the city that is synonymous with pizza, and the heart of Rome where Pizza al Taglio originates.

OUR PIZZA, OUR PROCESS

Our pizza is made authentically to achieve the utmost flavour.

Our dough is prepared slowly over seventy two hours and incorporates a secret blend of imported flours, extra virgin olive oil, kosher salt, and just a touch of yeast.

Only the best ingredients are sourced and used to top a NàRoma pizza before being baked in our ovens.

OUR MISSION

Our aim is to offer Pizza al Taglio of the highest standard using the slow, time honoured methods, techniques and ingredients used for generations by the Pizza Masters of Naples and Rome.
